Stevens Point Fire Fighters Endorses Rebecca Cooke for Congress

[Stevens Point, WI] – Stevens Point Fire Fighters, IAFF Local 484 is proud to endorse Rebecca Cooke for the 3rd Congressional District. It is important to vote for our values, a strong leader, and someone who will work hard, which Rebecca holds in high regard.

Rebecca brings fresh ideas to various issues our Country and Wisconsin face. Rebecca is the candidate that will provide a clean, transparent, and open government in Washington D.C., reaching across the aisle to work with all members of Congress. Rebecca knows what hard work entails. As a small business owner and nonprofit leader, she has focused on serving others and working with business leaders from both parties to provide opportunities for all Wisconsin residents.

Rebecca has the knowledge and experience to help our economy grow and put our small towns and rural communities first. Rebecca will work hard putting people first and continue fighting for all Wisconsinites. We encourage you to vote for Rebecca Cooke.
